KEY & SECURITY AGREEMENT

LA Pet Sitting prefers to either keep client keys on file or at your home in a lockbox to simplify arrangements for future visits. LAPS stores all released keys & remotes, securely coded & locked in a safe, unless arrangements are made for key transfer/return or lockbox service. For security, home addresses are stored electronically only. Charges will apply for all key transfers. Client releases LA Pet Sitting from liability or resulting damages for keys lost in the mail or hidden on location (under mat, etc.).
